TRANSFORM LIVES
Building Healthy, Safer and More Just Communities

Twitter: @WeAdvancePeace
Instagram: @advancepeace
Advance Peace is dedicated to ending cyclical and retaliatory gun violence in urban neighborhoods by providing developmental and healing centered resources to those at the center of lethal firearm offenses (violent actors and most likely victims, often one and the same).
Advance Peace provides the high-touch and personalized 18-month Peacemaker Fellowship®. This fellowship is grounded in evidence-based practice and includes the provision of seven touch-points.
SEVEN TOUCH-POINTS

- LifeMAP Milestone Allowance
- LifeMAP Goals
- Daily Check-ins
- Social Services Navigation
- Transformative Travel
- Internship Opportunities
- Elders Circle
Evidence Based Practices include:

- Street Outreach
- Mentoring
- Case Management
- Life Skills Training
- Cognitive Behavioral Therapy
- Subsidized Employment
CASE STUDY: Sacramento
California

Advance Peace launched in Sacramento, CA in 2018. Between this period and the end of 2019, we saw a **27% REDUCTION** in firearm assaults causing injury and death in all AP Zones, **21% REDUCTION** in firearm assaults causing injury and death citywide. Between 2018, when the Advance Peace Peacemaker Fellowship® was launched, and the end of 2019, the City of Sacramento, CA, experienced 24 months with no youth homicides, after experiencing their highest youth homicides rate in 2017. **BCR:** For every dollar the city spent on Advance Peace, they received between $18-$41 dollars in return.

Of the 120 Fellows enrolled over two cohorts:

- **99%** remain alive
- **95%** have had no gun-related injuries or hospitalization since becoming a Fellow
- **94%** have had no new gun charges since becoming a Fellow
The Fellowship launched in June 2010 in Richmond, CA. Between 2012 and 2019, we saw a 85% reduction in firearm assaults compared to eight years prior to the Fellowship launch.

Between 2007, when the Office of Neighborhood Safety (ONS) was launched, and 2019, the City of Richmond, CA, experienced a 82% reduction in firearm assaults causing injury or death.

Of the 127 Fellows enrolled over six cohorts:
- 97% remain alive
- 83% have had no gun-related injuries or hospitalization since becoming a Fellow
- 66% have had no new gun charges since becoming a Fellow
OUR VISION FOR CHANGE

BY 2030 ADVANCE PEACE WILL

REDUCE BY 50%
FIREARM-RELATED HOMICIDES IN 20 OF THE MOST VIOLENT CITIES IN AMERICA

Each year 11,000 people are murdered with a firearm and 70,000 suffer from nonfatal firearm injuries. More than half of all firearm deaths occur in urban neighborhoods.

REDUCE BY $1.1B
THE ANNUAL COST ASSOCIATED WITH FIREARM-RELATED HOMICIDES

Each firearm related homicide cost cities/counties between $1M-$10M.

Advance Peace costs a city $1.2M over 2-years (40-50 Fellows). If AP helps a city prevent one homicide over two years, the Fellowship pays for itself.

DISMANTLE
URBAN WAR ZONES

We help communities most impacted by gun violence develop, heal and sustain the emotional intelligence to thrive in peace. We help build healthier, safer and more just communities.
